Dear Sirs,

Utility Patent Application 2002-0013904 Remote authentication for secure system access

My application as above was published by you on the 31st January 2002, since when I have heard nothing from you at all.

In case I had failed to file something, I searched the PAIR system to check progress on my application, to find that my numbers seem to have been allocated to BARRON JR, GILBERTO. Even the original number - 09/881,117 - is repeated. I enclose a print out copy from PAIR.

I should be pleased to hear from you as to progress on my application and as to the numbering position.

Yours truly

Richard M Gardner
